What a pleasure to introduce a strong leader, tremendously enterprising and an exceptional individual, Ms. Gauri Gupta, through this letter of recommendation. In my capacity as the Director of the Alliance Française Jaipur, I have come to know her as an astute, disciplined, and driven student with a clear vision for building a better society. Her exemplary projects demonstrate both her dedication and her growth. She is undoubtedly one of the most capable and sincere students I have met.

One of Gauri's most remarkable achievements has been her contribution to the *City for All* project, curated as part of the Bonjour India Festival in 2022. The project was inaugurated at the prestigious Jawahar Kala Kendra in Jaipur in the presence of H.E. Dana Purcarescu, Deputy Ambassador of France to India, along with other dignitaries from France and Rajasthan. Gauri presented a collection of fifteen photographs from her photo series *City for All*, a gender-and-cities exhibition held in Lyon, France, organized by Alliance Française de Jaipur in collaboration with the French Institute in India and supported by Archipel Médiathèque and the Municipality of Lyon. Her collection of photographs met with great appreciation, sparking meaningful conversations on gender, inclusivity, and urban life, and inspiring change through artistic expression.

As the founder of the *Read To India* project, another remarkable accomplishment is her initiative in establishing a collection of French books in Braille for the visually impaired, created in collaboration with Alliance Française Jaipur and Access For All. This initiative improves access to French literature and learning resources for visually impaired individuals across India. The project has translated over 40 French classics into English Braille, empowering visually challenged students across Jaipur and Rajasthan in one of India's first initiatives to translate French classics into English Braille.

Gauri's endeavours are deeply acknowledged and sincerely appreciated. By empowering visually impaired learners through inclusive education and accessible resources, she has set a powerful example of empathy and purpose. Her kindness and dedication will continue to shape lives, fostering independence, learning, and confidence among those she has served. A beacon of hope and change, Gauri's contribution stands as a testament to her compassion, intellect, and perseverance. I wholeheartedly recommend her for any program she chooses to pursue, confident that she will bring the same excellence, integrity, and spirit of service that define all her achievements.

Sanjana SARKAR
